SC Dept. of Transportation has a Vegetation Management program that allows property owners to clear trees from the road right-a-way. Call or email to receive information pdf file on this program.

Photo right shows the present view from I-77, along most of this tract the road bed is on the same grade as this property.

This makes whatever is being displayed for sale very visible once the trees within the right-a-way have been cleared or thinned.

**Very good Topography over most of this tract.
Flowing creek runs along the
western boundary. Steele tower 3-phase power
line runs across this tract.
City water line approximately 3,000'
away, city sewer approximately 2,800'
City of Rock Hill will determine if services
are available for connection.**

**Conveniently Located in the Piedmont region of the
Carolinas. South Carolina
is a very business friendly state.**

**This tract is approximately 2,800'
past the Caterpillar Dealership.**

**Over 4,200' of frontage along I-77.
DOT will allow trees to be cut to open
up visibility with conditions.**

**Presently zoned RUD which allows
some business service uses but the
tract is within the county's planned
I-77 Employment Corridor. Being
rezoned for light industrial uses
should be a simple process.**
