Re: Cultural Resources Identification Survey of Approximately 113 acres at the Thomason II Industrial Site
Laurens County, South Carolina
SHPO Project No. 09-CC0122

Dear Mr. Green:

Our office has received the documentation dated November 25, 2009 that you submitted under the Department of Commerce Site Certification program for the tract referenced above. This letter is for informational purposes only and constitutes our office's coordination under the 2009 Memorandum of Understanding (MOU) with the South Carolina Department of Commerce. This letter is not a result of consultation under Section 106 of the National Historic Preservation Act or under any pertinent state law.

The cultural resources identification survey provided meets the requirements of the MOU. Our office recommends that the probability of any additional significant sites occurring within the project area is very low. Consequently, if the Thomason II Property (as described in this report) were to require state permits or federal permits, licenses, funds, loans, grants, or assistance for development, we would recommend to the federal or state agency or agencies that no additional cultural resource surveys would be necessary.

If you have any questions, please contact me at (803) 896-6181 or at ccantley@scdah.state.sc.us.

Sincerely,

Chuck Cantley, MA, RPA
